

WALL WRAPS

plug into **WALL**power

Inform, dress up, promote and advertise with **WALLpower** . . . that's a fusion of your imagery and imagination rendered in crisp, brilliant photographic detail. We'll put your message on a WALL WRAP imaged on revolutionary 3M graphic film that's made to cover bare walls and more.

And when we say our WALL WRAPS cover, we really mean it. Images can go floor to ceiling. Rest assured, because our 3M trained and certified specialists handle your installation. And when you're ready for the next message, we can remove the WRAP almost as quickly as we installed it.

Even highly textured surfaces like concrete block, brick, tile, poured cement and industrial stucco can come to life with our durable and dazzling imaging processes.

Big message? Big imagination? Big need?

Contact our specialists for more information on getting your message plugged into **WALLpower!**

Transforming architectural features is easy. Quickly cover and change blah spaces to bright.

WALL WRAPS

plug into **WALL**power

Place graphics strategically for cost-effective promotions and maximum impact.

Generally faster, cleaner and more cost-effective when compared to comparably-sized painted graphics.

Paint-like appearance of finished film graphics discourages vandalism.

Existing wall color is not a barrier to great looking images.

Save cost by avoiding the permanent wall damage caused by mounted framing systems, banner hooks and false walls.

Change graphics faster and cleaner than with most other graphics options.

Size and location of graphics is not constrained by changes in architectural features.

Increase your profits by selling previously blank vertical space.

Expand the visual experience to tell a bigger story.

Create glossy graphics that pop or matte graphics that resist glare.

Save time with easy cleaning.

Graphics will not fade or lose impact.

Type of image is not restricted: choose anything from full photographic reproduction to block color logos.

Create consistent, eye-popping images without the variances associated with paint.

Removable with heat.

*Textured surface?
We can handle it.*

*Exacting color or
demanding schedule?
We can handle it.*

a division of Meek's

FULLservice printing

While the basics of the print process have been established for centuries, the industry has undergone changes during the 40-plus years we've been in business. Our Signs & Stripes Division offers important advancements for new possibilities in visual marketing. And our parent company, MEEK'S, remains a solid resource for traditional offset printing including the latest advancements in sheetfed digital printing.

At MEEK'S we believe our clients should not have to be printing experts to get their jobs done right. That's why we provide all the one-on-one consultation and guidance needed to develop the best production approach for each project.

From brochure to point of purchase display, MEEK'S is committed to full service in a BIG WAY. Let us know how we can help you with your next project!
